Nancy, just give me a call. Derozier was Darcy's aide-de-camp who got her where she needed to go, he was not the woman who sat at the table with us with a Cargill file...that may have been Antonette. I tried calling you but your phone didn't forward to message. Alexis 23572

Nancy,

[REDACTED] B5 [REDACTED] Jared met with Darcy at the Marriott Marquis in the Pacific Room. Lt. Col Derozier ( [REDACTED] B6 [REDACTED] might be the one who accompanied her. You can see it on Jared's calendar. I couldn't find the business card in my file. We printed out the info to Alexis.

Thanks,

Frances

Hi Frances,  
Try June 17<sup>th</sup>/18<sup>th</sup> time frame for when Jared was in Arizona. No record of who he met but looks like that may have been the last time in AZ.  
Thanks,  
nw
